

# Tweet the Exodus

**Tweet the Exodus** will be an **immersive**, multimedia way of **experiencing** the **Israelite exodus** and the story of Passover. By collaborating with **rabbis** and **Jewish** professionals around the country, all of whom will play the part of one of the **Exodus's** major characters, we will create **an experience** that allows our followers to reenact this **inspiring** story in totally new ways.

**Tweet the Exodus** will take place during a two-week period, beginning on the first day of the Hebrew month of **Nisan, March 16** and culminating with the crossing of the **Red Sea** just before the first Passover seder on **March 29**.
