

Temple Beth Sholom's Member Business Directory is here!

This directory is an opportunity to facilitate our congregants to find professional services as well as stimulate business. Participation in this directory is voluntary. Temple Beth Sholom does not endorse one business over another; rather, we want to build relationships between congregants and to provide our Temple Members a source for business information.

The directory is currently sorted by Member Last Name; however, control + F will highlight a box at the top that will allow you to search the document for any word, i.e. physician.

If you would like to include your business and/or professional services or the company you work for in this directory please email Marsi in the Temple office at mmiyashita@tbsoc.com.

| Stein | Diane | Stein Life Child Neurology Medical Specialists, Inc. | Medical | Physician - Board Certified Child Neurologist, President of SLCN | 8506 Batavia Parkway Irvine, CA 92618 Phone: (949) 743-5679 Cell: (949) 743-5679 diane@steinlifechildneurology.com www.steinlifechildneurology.com | We provide full evaluation and treatment for any neurologic concerns. We see children with epilepsy, behavioral difficulties, learning trouble, headaches, atypical movements, etc. We also provide education, advocacy, support for the patient and the family. We emphasize health and living well, and therefore include dietary counseling and discussion of other non-drug treatments. We have EEG services within the practice. Diagnostics on site offering prolonged EEGs that can be done at HOME. We also emphasize communication with our families. We wish to improve the family life by offering appointments outside of typical business hours and emailing, telephone appointments, web visits. | Diane is an internationally recognized Board Certified Child Neurologist who has practiced her profession in general child neurology in a very busy HBO for over 10 years. She has been a regional referral source for complex cases. She has been a source for complex cases. She has been a source for complex cases. She has been a source for complex cases. | Living Well Neurology is soon to be our non-profit arm. We are committed to helping make "Every child's life be the best" more than a motto. We are concerned that many children with epilepsy do not receive treatments that will allow them to live well. SL, a very charming young patient of Diane's, is the inspiration. After working with other neurologists, SL's parents were devastated to learn that many doctors recommended brain surgery to treat her epilepsy. After hours of discussion, they came to fall in control of the treatment options for SL. They decided that brain surgery wasn't a last choice, but in the right hands, it was the BEST CHOICE. SL had her surgery and was better than prior surgery within days. She went from many solutions a day on three seizure medications to completely seizure free. Now, budgets are being cut for the exceptional programs that provide such high level specialized care. We will be working with other groups to advocate for persons with epilepsy and other disabilities and to raise money for the UCLA Pediatric Epilepsy Program. (For starters) |
