WORLDPAY IS THE DIRECT SOURCE

ELIMINATE THE MIDDLEMAN – and their extra fees – by accepting cards directly through a leading payments processor. As the direct source, we securely authorize your card payments directly with the payment networks, not through a third-party. Our lower cost base allows us to provide your business with great value and excellent customer service.

NEVER LOSE A CUSTOMER because you don't accept their preferred payment type. With all major payment networks, gift, check and ACH options, WorldPay will always help you make the sale in person, online or on the go.

IMPROVE CASH FLOW with our accurate, timely and easy-to-reconcile settlement – the exact amount you process – and next-day deposits to your Citizens or Charter One account.

If you don't have a Citizens or Charter One account, WorldPay accepts batches as late as 4:00 AM ET / 1:00 AM PT to initiate funding.
