

VPO

TBS Volunteer Organization- a dedicated group of parents who are committed to enhancing educational opportunities available to children at religious school.

Who:

The TBS VPO is open to all religious school parents and families. Everyone is encouraged to become involved and to be an important part of our children's religious school experience.

Parents, Students, Teachers, Staff:

The TBS VPO works hard to foster communication among parents, teachers, and staff in order to achieve a feeling of community spirit. The VPO will provide support to the students, teacher and staff for educational and social enrichment. Together we can create Kehillah Kedosha or a sense of belonging, community and commitment to the future by celebrating the traditions of the past.

Support:

The TBS VPO uses the money to benefit the religious school students with the goal of enriching and supplementing the curriculum and the basic needs of the school. VPO funds are also used to acknowledge our dedicated teachers for their hard work by presenting them with a token of appreciation.
